Mr. Hill went on to say that many of the present troubles came from a passion on the part of the people to get rich quick and that this passion prompted them to

"If there is any sin in modern day corporations," said Mr. Hill, "it is to be found in those that are organized largely to sell securities rather than carry on business. Some corporations are merely brought into existence for the benefit of promoters who want to sell paper for real money. It is important that the laws dealing with corporations shall require the capital of corporations to be paid in a hundred cents on the dollar. There should be an inspection once a year to make certain that the capital is me ago I wrote a sonnet for a Western kept up to the required standard.
